Dear Brothers and Sisters,

We started negotiating on July 11, 2023, for the Local Agreement for LVO Operations. The process has been a unique experience as we were on complete opposite sides as far as what we wanted. Through some tense negotiations we are at a point, where everything left is going to be at the Master Contract Level. Master Negotiations start the beginning of next week. There is still a lot to be determined, based off these negotiations.

We know during this time, you may hear rumors on the floor, or on social media, but please keep in mind that unless you hear it from the negotiating team, take it with a grain of salt. Any updates that will be provided will be sent out through text messaging and be posted on [uaw677.org](http://uaw677.org). Please keep an eye out for updates as it is the best way to ensure that the information you are receiving is current and valid.

We understand that if you are new to contract negotiations, that this is a very uncertain time. But it is also a time when we need to stand in solidarity to make sure we, as Union Brothers and Sisters, are all on the same page during these next several weeks.

Yours in Solidarity,

Your Local 677 Negotiating Team
