Dear Family,

We are excited to introduce a new platform unique to our Local for members to use for better communication, information, education on our organization and your role within it.

Our mission is to amplify every member's voice by delivering clear and timely updates to your questions. Our goal is to demystify our Union and the inner workings of our local to international bodies and every officer role in between.

Through authentic dialogue, we uphold transparency, nurture solidarity, ignite active participation, and foster a deep understanding of your union, your local, your leaders, and the responsibilities of every officer. We dedicate ourselves to equipping each member with the knowledge, tools, and platform needed to champion workplace dignity, drive collective action, and secure justice on the job.

Through the use of the attached QR code, members can submit questions, which will be reviewed and categorized. If the questions are personal in nature, we will reach out to you personally to help you find the answers you seek.

If the questions are broader, we will refer the answer to a newly created video update program "Membership Matters". Through this program, we will sit down regularly to answer questions and reflect on the deeper issues and what it means to be in a union.

Our episodes will be made available online and our intent is to continue to build and refine the program into a staple all members go to for their important questions.

With your support and feedback, I know that we can continue to develop a valuable resource for all members.

Thank you for your support as we take this journey together,

Michael Shupp
President, UAW Local 677
