Dear Brothers and Sisters of UAW Local 677:

Following discussions at the facility regarding yesterday's events and the decision to relocate our upcoming rally, we want to provide clarity and ensure everyone has accurate information.

We were asked to leave the premises by Prologis, the property owner, after East Penn Manufacturing, a tenant of the property, raised concerns about our presence on the site. To be clear, this request did not come from Westport.

Out of respect for the property owners and to avoid any unnecessary confrontation, we made the decision to move the rally. With the expected turnout, the new location will better accommodate parking and allow for a safe, organized, and impactful event for all who attend.

Most importantly, we must remain united. Your bargaining committee continues to work diligently on your behalf to secure a strong contract. Now more than ever, it is critical that we demonstrate our solidarity and unwavering support.

We ask that you stand together by attending the rally this Thursday and proudly wearing RED to show the company that the members of Local 677 are united and strong.
